Notes & Details

Designed to add outstanding support and increased stability to your Regency commercial sink, this side cross bracing set serves as an essential accessory that can also extend the life of the sink. In addition to a 304 series stainless steel finish that matches the rest of the sink's body, 20 gauge construction ensures unparalleled durability and effortless cleaning. This set is compatible with the Regency 115" 16-gauge stainless steel three compartment commercial sink.
