Features

- 3 bottle capacity
- Fits securely inside compatible Regency ice bins
- Creates convenient bar beverage setup
- Ideal for cafes, bars, restaurants, and more
- Keeps beverages and mixes cool during service

## Notes & Details

This Regency plastic bottle holder for ice bins is what every bar, cafe, or restaurant needs! Designed to fit inside your Regency ice bin, this bottle holder will replace your existing holder that comes standard, or you can add this onto your sink as an extra convenience! This holder comes with two divider pieces to create three separate compartments for bottle storage. By setting this bottle holder in ice bins you'll be able to keep bottles of mixed beverages, mixers, or juices cool during your busy service hours. This added convenience allows your bartenders or employees to keep up with the fast paced environment of your busy venue. Reduce the number of trips you need to make to the refrigerator and spend more time mixing drinks and taking orders!

Compatible with Eagle Group ice bins and other brands depending on the dimensions.
