Material	Stainless Steel
Number of Compartments	2 Compartments
Number of Drainboards	1 Drainboard
Stainless Steel Type	Type 304
Style	1 Drainboard
Type	Straight / Line Sinks

## Plan View

## Notes & Details

Outfit your facility with a long-lasting sink with this Regency 58 1/2" two compartment commercial sink. It's constructed from high-quality, 16 gauge, type 304 stainless steel, making it more corrosion-resistant and durable than other sinks made from thinner, 18 gauge, type 430 stainless steel. This sink features a sturdy 18" drainboard so you can easily wash and dry dishes and utensils in one convenient location. It's dipped a minimum of 1/4" to facilitate better drainage, and the welded construction contributes to the long-lasting use and overall strength of this sink / drainboard combo.

The 18" x 18" x 14" sink bowls are die-stamped to a minimum of 1/4" to ensure proper drainage. Plus, each bowl includes a 3 1/2" basket strainer to catch food debris, which prevents the drain from clogging. For easy cleaning, each compartment has rounded corners so you can rinse and wipe down the sink.

A 9" tall backsplash is included and comes complete with two 1 1/8" diameter holes punched on 8" centers to accommodate a faucet (sold separately). This sink also includes a 1 1/2" raised rolled edge, which is 2" tall on the front and both sides to contain splashes and overflow. Galvanized 1 5/8" steel legs with sockets and adjustable bullet feet provide added stability. Designed for medium-duty use, this Regency sink is ideal for most restaurants.
