# **Notes & Details**

This stainless steel commercial 24" x 60" work table is designed to provide additional space for preparation or other tasks in your commercial kitchen, bar, or restaurant. Its 18-gauge type 304 stainless steel top can support up to 480 lb. of evenly  $distributed \ weight, providing \ superior \ corrosion \ resistance \ and \ durability, \ while \ the \ work \ table's \ undershelf \ is \ constructed$ from 18-gauge galvanized steel and can hold up to 360 lb.

A 4" high backsplash is included to help protect walls and contain items on the work top. The legs of this work table are 15/8" in diameter and are also made of galvanized steel, with plastic feet that are adjustable up to 1".
