Notes & Details

Great for hand washing, this Regency $16" \times 20" \times 12"$ stainless steel three compartment drop-in sink comes with an 8" swing faucet. This three compartment unit is made up of durable 16-gauge, 304 series stainless steel that is built to last. It has 11/2" IPS drain connections, and it comes with (3) 31/2" drain baskets to conveniently catch food debris to prevent clogging the drains. This sink is a must-have addition to any restaurant, bar, or break room. This sink is long-lasting and versatile, making foodservice simple.

This kit includes two compatible, deck-mounted faucets with 8" swing spouts. The faucets boast a chrome-plated brass construction and offer a 2 GPM flow rate. Both faucets have 4" adjustable centers, 1/2" NPS inlets, and leak-resistant, quarter-turn ceramic cartridges with check valves. The unit offers a temperature rating of 40 - 140 degrees Fahrenheit. With both hot and cold water capabilities, this drop-in sink kit is a practical solution in a variety of settings.
