RELEZE™

Create A Non-stick Surface

Use RELEZE™ for a non-stick surface and long lasting platens.

Apply on all aluminum platens and grills for an easy to clean surface.

GLUTEN-FREE NON GMO

Contains no wheat, crustaceans, eggs, tree nuts, dairy, soy, fish, sulfites, peanuts, or oats.

Grill and Platen Coating Application

Use on tortillas warmers, sandwich grills, panini grills, and more.

Safe for use on all polished aluminum platens. DO NOT use on Teflon coatings.

HOW TO APPLY:

Make sure the machine is cool and turned off before applying Releze. Use a clean cloth to apply a thin layer over the entire surface of your platens.
