

FRESH START SHOWER

LIBERTY UPGRADES

Looking to give your customers a little more? Then upgrade your Liberty to a Family Room. With the ability to mix and match all the options you can turn your Liberty into more than just a restroom. The baby changing station and waste basket are a great addition to increase flexibility and usability. The Pro-22 Handwash sink can be fitted with the Western Hand Pump system to give your customers the fresh flush option that leaves your restroom looking and smelling fresh. Multiple coat hooks and shelves give parents the room needed to keep their belongings off the floor and out of the way. The large mirror is a nice touch and brings that at-home feeling.

Have you been searching for an affordable response to those customers looking for single-unit showers? Here's your answer: Satellite's Fresh Start Portable Shower. Built within the empty cabana of a standard size portable restroom, the Fresh Start Portable Shower offers the conveniences of a home shower experience in a fully portable package. Water is heated to an average temperature of 115° fahrenheit by a propane-fueled, on-demand water heater that may be adjusted to suit the user's comfort level.
