SERIES 1500

PARTIALLY-ASSEMBLED ROLLING METAL LADDERS

COTTERMAN® SERIES 1500 rolling steel safety ladders offered in 12 through 16-steps are tall ladders that must ship unassembled due to their large sizes. Cotterman's exclusive knocked down design, incorporating diagonal braces together with heavy duty hardware, gives an unusually rigid structure that is easily assembled.

- 450 lb. load rating.
- 59° climb angle.
- All tube members are 1" steel tube construction.
- Steps are 7" deep and 24" wide, in your choice of tread.
- Top steps are 10", 20" or 30" deep.
- Spring-loaded 2" casters are used on 3 & 4 step ladders. The Cotterman® SafeLock is used on 5 step ladders and above.
- Gray powder coat is the standard finish.
- Series 1500 ladders meet applicable OSHA and ANSI standards.
- CAL-OSHA models also available.

DESCRIPTION	TOP STEP HEIGHT	OVERALL HEIGHT	WORKING HEIGHT (approx.)	PERFORATED TREAD			SERRATED TREAD		
				PART NUMBER	BASE WIDTH	BASE LENGTH	PART NUMBER	BASE WIDTH	BASE LENGTH
10" TOP STEP DEPTH
