"mixologist"

Servend's FLAV'R PIC ice/beverage dispenser gives your customer over a million combinations to customize their drink to their taste...

16 beverage selections, up to 8 flavor enhancements and a choice of cube or crushed ice. Beverage options that customers appreciate and drive repeat business.

Standard Features

- 16 carbonated or non-carbonated beverage selections give your customer a variety of beverage options.
- Choice of 4 to 8 flavor enhancements lets your customer customize their drink.
- Industry's first built-in ice crusher provides two types of ice from a single ice maker/ice dispenser combination. Cube and Crushed. One ice/beverage dispenser reduces your equipment expense, installation costs, and maintenance.
- Long-lasting LED lighting illuminates the merchandiser while reducing energy usage and lifetime costs.
- 30" footprint maximizes use of counter space while increasing beverage offerings.
- 250 lbs. of ice storage.
- Attractive lighted merchandiser graphic creates a beverage focal point.
- Patented Rocking Chute™ ice dispense technology reduces ice spillage.
- Convenient optional top mounted Manitowoc ice maker
- Available Americans with Disability Act (ADA) compliant keypads.
