#### CERTIFICATIONS

# **Notes & Details**

This ServIt 423ST3ASG angled sneeze guard is a perfect companion for 3-pan steam tables. Sneeze guards like this one are designed to enhance safety when serving food, as the acrylic shield design creates a barrier between your food and the people viewing and serving it. This reduces the chance for foodborne illness to spread and keeps your employees and customers healthy! It features a 1-sided angled design that's perfect for serving food to be given to customers by employees. It is not intended for self-serve applications. Mounting harware is included, and compatible steam tables will have predrilled holes to make installation a breeze.
