product weight (lb)	21.3

carton dimensions and weight

case quantity	1
MC dimensions (in)	25.5 W x 29.5 D x 16.3 H

product features

streamlining the task: Our unique liner rim system is a faster, neater way to trash! The outer lid lifts up for easy access to the liner — no need to remove the top of the can or fumble with a clumsy bucket. When you're done, it closes over the liner to keep it neatly out of sight.

always at your fingertips: Our liner pocket stores a 20 pack of custom fit liners and dispenses them one by one from inside the can.

an elegant recycling solution: Our dual compartment cans make sorting trash and recycling look good and come in a variety of shapes, sizes and colors to fit any space.

effortless strength: All it takes is a light touch with our spring-loaded steel pedal, which is engineered to last over 150,000 steps – that's more than 20 steps a day for 20 years.

silent close lid: Our patented lid shox technology controls the motion of the lid for a slow, silent close.

perfect fit – extra strong: Our code H custom fit liners fit this can perfectly so there's no bunching, slipping or messy bag overhang for a neater, cleaner look.

pod in, odors out: Our all-natural odorsorb pod fits discreetly inside the lid of your simplehuman can to eliminate trash odors for 45 days.

optional compost caddy: Add our compost caddy to your trash-sorting routine — it conveniently docks on the side of this trash can encouraging you to separate organics from trash, making waste management even more efficient.
