Letterboard message center and tackable NuBoard display panel

Sliding Door Message Centers

The body of these centers is constructed of heavy-duty recycled plastic that will not splinter, crack, or rot. While weather resistant, boards are not waterproof. To shield from rain and snow further, mount boards in a sheltered location. Adding the weather strip door kit helps block incoming wind and weather between the two sliding glass door panels and the vertical door frames. These locking units also feature a removable interior surface, making changing displays simple. Choose between natural self-sealing cork, synthetic tackboard (NuBoard), or felt letterboard inserts. Letterboard kits include a 145-piece 2 3/4" Helvetica letter/number set.

Features:

- 3/4" wide main frame
- 1 1/2" wide door frame
- 5 1/2" exterior depth
- 3 3/4" interior depth
- 8 1/2" rain cover depth
- Posts sold separately, see page 89
- Cork
- Recycled Rubber
- Synthetic NuGroove
- Synthetic NuBoard
- Magnetic Receptive
- Fabric covered
