

# 20" STEEL CORE® PUSHER | SP1400

Push snow out of the way! This Steel Core® Pusher allows you to remove snow easily by utilizing the curved blade and long shaft so that you can simply push snow to a new location rather than scooping and lifting. The Steel Core® shaft provides strength and stability, while the angled rib pattern on the blade resists snow-stick.

## FEATURES

- Features a curved blade with a long shaft for removing snow without lifting
- Most effective with dry snow of 3 to 4 inches deep, working best on smooth, paved surfaces
- Steel Core® shaft for strength and durability
- Large surface area with an angled rib pattern to resist snow-stick
- Comfort D-grip handle for added grip and control
- Made in the USA

\* Packaging is in English and French

STEEL CORE® SHAFT
