## product features

touch free. germ free.: Our sensor pump is the perfect tool for cleaning hands, dispensing soap and sanitizer touch free to prevent the spread of germs.

fast, precise and completely clog-proof: Our pump system forces the liquid through an air-tight tube. It's such an efficient system, it can dispense a wide variety of soap or sanitizer in a fraction of a second.

ideal for the whole family: Whether your hands are big or little, our variable dispense volume control allows each family member to choose the right amount of soap — up close for a small dab, and farther away for more.

charging made simple: Recharge plug on the back is easy to access, and one charge lasts up to 3 months.

always spotless: With an IP67 waterproof rating, you can confidently rinse the sensor pump in the sink to keep it looking clean and new.

large refill opening: Makes it easy to refill without messy drips.

the perfect soap: The perfect consistency for sensor pumps — no clogs or drips. Dispenses the correct amount quickly and consistently.

add a personal touch: Customize your pump lid with text and icons.
