- b** 3/8" NPT Female Inlet

Notes & Details

This Waterloo 12" pre-rinse add-on faucet is a perfect replacement for the one that came with your Waterloo pre-rinse unit, or you can use it to easily add versatility to a pre-rinse without an add-on faucet. It installs above the faucet base and features a 12" swing spout with a 1.8 GPM aerator that is perfect for filling up sink compartments to complete your warewashing tasks. It's also great for mixing up cleaning solutions in sanitation pails. The top has a 3/8" NPT female connection to let you easily attach the pre-rinse faucet riser, and the sturdy lever handle design makes it easy to turn the water flow off and on.
